Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Constipation, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

CATHOLIC CHURCH IN FRANCE

Cardinal Richard, Archbishop of Paris and head of the Roman Catholic Church in France, who has represented the Vatican policy on all church questions, has addressed a letter to the clergy of France, in which he comments forcibly on current religious conditions. The letter was written in connection with the approaching pastoral retreat at Issy. Cardinal Richard points out that the Pope has spoken twice this year in a vigorous manner on affairs of the church. The first message was his encyclical to the bishop, clergy and people of France, condemning the un-Christian constitution which the anti-Christian sects wished to impose upon the church in France in bringing forward the associations cultuelles.

The second time the Holy Father spoke, the Cardinal continues, was when he reproved the errors of critics and books "designed to penetrate the souls and destroy teachings of the Catholic faith." These orders were put forth "under the perfidious and fallacious pretext of bringing the church into harmony with the development of human intelligence and the progress of modern science."

"This is the double peril," adds the Cardinal, "against which we must guard; the destruction of the church and of Christian society, the laws prepared by un-Christian sects and the crisis of the seduced by the mendacious exposition of doctrine."

On the first peril, the Cardinal says hh finds happiness in contemplating the complete accord reigning between Pope and bishops, and between bishops and Catholic laymen. He exhorts the clergy to fulfil their mission with zeal and apostolic order. As for the doctrinal question, Cardinal Richard declares that if there is a crisis in France it is due to the fact that the religious instruction of today is too superficial when it is not, indeed, utterly worthless. He recommends in this connection the development of religious instruction in all its aspects by the use of clarifying comment, by the explanation of the catechism and by special instruction and conference.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

POPE MODIFIES MARRIAGE LAW.

The modification which has been made in the marriage laws of the Catholic Church is a most interesting example of the extreme care exercised by Pius X in matters affecting the church and religion. In all Catholic countries the laws of the church on this subject are those laid down by the Council of Trent. The original decree of the council prescribed that no marriage should be valid unless celebrated before a priest. Later a most binding and important change was made in Rome. The priest in question must be the parish priest of the contracting parties. This has not given satisfaction and has led to wide differences of opinion. Pius X. has settled the matter by a new decree, which will go into effect at Easter 1908. This new decree declares valid marriages celebrated before a diocesan bishop or before the parish priest of one of the contracting parties or before someone delegated by him.

The most important change made by this decree is that which recognizes the validity of a marriage celebrated before two witnesses, without the assistance of a priest. This concession is surrounded by very strong restrictions, but, nevertheless, it is a pure and simple recognition of the civil marriage.

After all, this is merely a return to conditions which held before the Council of Trent, as such marriages, while condemned, were then recognized by the church.

BABY UNDER A PEW.

During the services in the Church of the Most Precious Blood, at 115 Baxter street, New York, yesterday evening, the feeble cries of an infant were heard by a worshipper, and an investigation revealed the little waif, less than six hours old, under one of the pews. Rev. Father Palabamizio, who was presiding, was notified, and he at once stopped the services and ordered the child to be brought to him at the altar. Lustily crying, the infant was taken to him. He baptized it Mario Lineola and sent for a policeman. Later the waif was sent to Bellevue Hospital. The infant was wrapped from head to foot with fine lint, a handkerchief was tied about its throat, and a lump of sugar, which had been tied inside of a corner of the handkerchief, had evidently slipped out of the child's mouth, causing it to cry. There was much commotion among the women worshippers, two of whom wanted to adopt the infant then and there.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

MONDAY EVENING, SEPT. 9, 1907.

CONGRESSMAN THEODORE E. BURTON of Cleveland, Ohio, who for six terms has been a prominent member of the lower house has accepted the nomination of the republicans of Cleveland for Mayor of that city in opposition to Tom L. Johnson, who will be the democratic candidate to succeed himself. In accepting the nomination Mr. Burton stipulates that there shall be no affiliation with any public service corporation and that there shall be no organized opposition to him within his party. Burton says he has adopted this course upon the advice of Secretary Taft, Secretary Garfield and the President.

WILLIAM S. TAYLOR, formerly Governor of Kentucky, and a refugee in Indiana for seven years, will not accept Judge Stout's offer of immunity and return to Kentucky to testify for Caleb Powers, charged with the murder of Governor Goebel. It is said that friends in Kentucky are sending him letters advising him not to return. Many people believe that Taylor himself was implicated in Governor Goebel's murder and his sudden flight from Kentucky soon after the murder added strength to this belief.

BECAUSE of the lack of proper school accommodation in Philadelphia 10,000 children of school age will be taught on half-time this session, and more than 2,000 others, for whom there will be absolutely no accommodations, will be placed on the waiting list. If such conditions exist in the richest and largest cities in the country, what can be expected in the smaller and poorer ones. The education problem is a serious one.

THE current issue of Dun's review records 850 failures in this country during August, representing $15,197,749 defaulted indebtedness as compared with 788 failures, amounting to $8,821,154 in August of last year. This may be a straw showing that the wind is blowing in the direction of a period of depression that has been recently predicted by some financiers.

IT IS SAID that the result of the recent primary in Henrico county means that former Governor Montague, of Virginia, is to return to public life in this State and that he may be a candidate for Congress from the Richmond district at the next election. Should he be sent to Congress Virginia would have no abler representative at the national capital.

ACCORDING to the annual investigation of the Bureau of Labor, the retail prices of food have increased 2.9 per cent. over the prices of the preceding year. The average housekeeper, however, when she goes to market or to the grocery store cannot be induced to believe that the increase has been so slight.

GOVERNOR FLOYD, of New Hampshire, in an interview in Washington Saturday said that he believed Governor Hughes would get the support of New England for the presidency. It is more than probable that President Roosevelt will have to use his big stick in behalf of his favorite, Secretary Taft.

THE London Spectator discussing the future of the Philippines, suggests that Mr. Roosevelt be sent to regenerate the islands after his term as president has expired. Many people would not object if he entered upon this new work before his term expires—provided he goes to the Philippines.

SECRETARY TAFT, answering criticisms by Mr. W. J. Bryan, declared in a speech at Tacoma, Wash., Saturday, that tariff revision was unwise during a presidential campaign. But according to the republican leaders tariff revision is unwise at any time.

THE latest fad of French ladies is the carrying of wooden dogs designed by Caricaturist D'Ache. They are bigger fools than are the American women who carry around with them live dogs and "teddy bears."

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Sept. 9.

News of the signature and promulgation of the new modus vivindi in regard to the fisheries on the treaty coast of Newfoundland was received with gratification by State Department officials here, as it is believed the arrangement will remove any possible danger of unpleasant friction between this country and the British colony for a long time to come. It is pointed out that the new modus is not confined in its operation to the present fishing season. It is to continue in force until the whole question of the rights of the Americans under the treaty of 1818 can be determined by the Hague arbitration tribunal or until an amicable arrangement may be reached between the Newfoundland government and the American fishermen themselves. There is reason to believe that it may never be necessary to resort to The Hague for the determination of the questions involved.

Labor leaders here are hopeful of an early settlement of the telegraphers' strike. President Gompers, of the American Federation of Labor, conferred in secret today with W. W. Beattie, vice president of the International Association of Telegraphers. Gompers will leave tonight for New York to confer with President Small and other labor leaders there.

The most notable case of land grafting the federal government has ever fought came to an end today when the President commuted the two years imprisonment sentence of aged Judge James L. Bradford, of New Orleans, to expire October 20. He had alresdy served two months of the time. The only condition under which executive favor could be secured was that Bradford should return to the government the thousand or more acres of valuable land in Louisiana which he had fraudulently secured and pay the fine of $5,500. Bradford, a former resident of the District of Columbia, was one of the South's richest and most prominent attorneys. On December 23, 1905 he was convicted in New Orleans of the crime of conspiracy but fought with every legal weapon possible up to the Supreme Court of the United States until June 10, of this year, when the doors of the Parish prison closed on him. Bowed with the weight of 70 years and the shocking disgrace, Bradford's condition became so pitiful as to attract the sympathetic support of bankers, clergy, business and professional men in many southern States. Many United States Senators and Congressmen used their influence to secure a pardon before he went to jail. The President refused all applications. Finally the prisoner's age and the state of his health prompted action, but only after promise of full restitution of his ill-gotton property.

Honeymoon over, Chairman Knapp of the Interstate Commerce Commission, is back at work. One of the first things he will inquire into is the progress that has been made in the preliminary examination into the business of the Hill lines. When the Harriman inquiry was begun last year, the order instituting that investigation was made broad enough to take in all the railroads in the United States. Last winter a Minnesota lawyer was engaged to ascertain whether the Northern Pacific and the Great Northern were being conducted in accordance with law, but before he could make a report he became ill. The pressure of work then had become so great that the commissioners were unable to pursue the matter further at that time. Chairman Knapp is pleased with the test that has been made this year of the Erdman law. Under it, he, as chairman of the Interstate Commerce Commission, and Commissioner Neill, of the Labor Bureau, have been able to settle quickly and amicably several labor disputes. The application of the law shows, however, that certain changes were beneficial and Congress will doubtless be called upon this winter to make them. President Roosevelt has discussed the suggested changes with Chairman Knapp and Commissioner Neill.

Thn mystery concerning the disappearance of Edwin H. Potts, absconding bank clerk of the American National Bank, supposed to be responsible for $11,000 in missing railroad bonds, was augmented this morning when Cashier Lynn, of the bank, received an envelope containing three blocks of the stock.

President Roosevelt today approved the recommendation of Superintendent Badher of the Naval Academy dismissing Midshipman Oscar G. Salb, of Indiana and Clarence C. Riner, of Wyoming, both of the fourth class, for "frenching."

It was announced at the Department of Justice today that the government is preparing to prosecute some of the Oregon land fraud cases at the fall term of the Oregon federal court.

United States Judge R. W. Archbald, of the middle district of Pennsylvania, has been designated by Circuit Court Judge Gray to have the first motion in the case of the government against the powder trust at Wilmington, Del., today. It is to secure jurisdiction over the non-resident defendants in Cleveland, Cincinnati and elsewhere. The department of justice is not advised whether the designation of Judge Archbald is broad enough to give him absolute jurisdiction of the powder trust suit.

THE RAILROAD RATE HEARING

Speaker Justice, of the North Carolina House, leading counsel for the State of North Carolina in the Southern Railway rate hearing case now going on in Washington, sprung a surprise on the railway officials Saturday at the hearing before Judge Montgomery, the master in chancery, in demanding that the Southern Railway Company's books be produced in order that certain points along which Comptroller Plant had testified might be verified by an expert accountant in the presence of Mr. Justice, Mr. Plant and Judge Montgomery.

Mr. Justice stated that his object in securing the books was to show that the Southern Railway Company by a subterfuge was concealing the amount of salaries paid to the officers of the company.

Mr. Plant declared that he would allow no accountant to go into his office and make a drag-net investigation of his books. Judge Montgomery ruled that counsel for North Carolina could see any entries made on Mr. Plant's books verified in the presence of the master and Mr. Plant himself, but that the books could not be opened for public inspection.

These developments were brought about as the result of a question Mr. Justice put to Mr. Plant as to whether the officers of the Southern Railway Company and of some of the lines in which the Southern owns stock were receiving salaries from such lines.

RED MEN.

Immediately succeeding the great convention of the Eagles, the members of the Improved Order of Red Men of America are now in Norfolk. The advance guard reached that city today for the opening session of the three days' convention. There will be 400 delegates, and it is estimated that more than 3,000 members of the order, with their ladies, will be present.

An elaborate programme of entertainment for the visiting warriors has been prepared by the committee in charge. Various matters of interest are scheduled to come up for consideration, included among these being a proposed amendment prohibiting the admission of saloonkeepers and bartenders.

There will also be discussed a proposition to co-operate with the fraternal beneficial societies of the United States in the maintenance and use of a national fraternal sanitarium at Las Vegas, N. M. The delegates were formally welcomed yesterday morning by Mayor James Riddick at the Armory Hall. Other addresses will be made by Commonwealth's Attorney John G. Tilton and Hon. W. A. S. Bird, of Topeka, Kan.

Tuesday morning the church was burned. The Presbyterians will have the use of the church in spite of the threat.

The body of a young woman washed ashore, at Narasko Beach, near Mount Winans, Md., yesterday gave, mute evidence of a tragedy of the river that occurred some time between Friday night and yesterday morning. The body was identified as that of Miss Gertrude Shaunessy, who had gone out rowing on Friday night with another young woman and two young men. As nothing has been heard of any of them since they started out on Friday night, it is believed the others have shared the young woman's fate.

Martin J. Smith, a well-to-do contractor and builder of Mineola, L. I., shot and killed his wife and then fired two shots into his own body yesterday, in his residence. He is in the Nassau Hospital, where, it is said, he has a fighting chance for his life. The quarrel, it is believed, was over money matters. The wife had complained to the neighbors that her husband refused to give her sufficient money to run the house adequately, and that he had beat her with a revolver, declaring he would kill her. Some time ago, when he drove her from the house with a carving knife, she had him arrested.

Another attempt was made recently to wreck a fast train on the Pennsylvania Railroad near Pittsburg, Pa., Francesa Levita, a track walker, received fatal injuries in saving the train load of passengers. Levita four nights ago found all the spikes and fishplates at a rail joint removed at one point, and he set about to fix the rail, as a fast train was almost due. He was still at his work and fixed the tampered rail joint so that the train might pass, when a part of the train hit him and knocked him over a high embankment. Had Levita not stuck to his job, the train, with 300 passengers, might have been sent over a high embankment.

GOV. SWANSON'S REPLY.

Judge Blackstone, of Accomac, on Friday, referring to the action of Governor Swanson in sending troops to Onancock during the recent race disturbances there, said:

"It was the spectacular act of a spectacular Governor. The posse in attendance to protect the prisoner could run his boy soldiers, some of whom could not hold a gun to his shoulder without a rest, into Onancock creek. It was a discourtesy to the fairness and justness of the old county of Accomac."

Governor Swanson on Saturday night, in referring to Judge Blackstone, said:

"It is a matter of utter and absolute indifference to me as to what opinion Judge Blackstone may entertain concerning me or my conduct. Where Judge Blackstone is known his opinion can neither injure nor benefit any person. I have made this statement in reply because I thought that possibly some credence might be given to Judge Blackstone on account of his official position, but the telegrams and letters I have received are sufficient to show that Judge Blackstone's remarks concerning me were conceived either in ignorance or malice."

The Governor also gives out all the correspondence concerning the recent trouble at Onancock, which shows that the sheriff of the county and the mayor of the town earnestly pleaded that the troops be allowed to remain in order to preserve the peace and good order of the community.

Today's Telegraphic News.

Bodies Found.

Baltimore, Md, Sept. 9.—With the finding of the bodies of George F. Frissell, an employe of the Pennsylvania railroad; William O'Leary and an unknown woman, the remaining three members of the party of four men and two women who left Klein's Park, on the Patapsco river, near this city, on Saturday, and of whom nothing was seen or heard until the body of one of the female members of the party was picked up yesterday afternoon near Nareaky's Shore, another resort on the Patapsco, all suspicion of foul play has vanished. When only one body, that of Gertrude Shaughnessy, of Harrisburg, Pa., was recovered yesterday, the police authorities suspected foul play, but now that the remaining bodies have been found, they are satisfied that the unfortunate persons were victims of an accident. The three bodies were found today near the spot where the Shaughnessy woman's body was picked up yesterday. The Shaughnessy girl was 20 years old. According to the woman with whom she boarded, she was of a well-to-do family residing in Cathedral street, Harrisburg, and had been married to Charles Griffith, of Martinsburg, W. Va.

Suspected of Smuggling.

New York, Sept. 9.—Treasury Department sluths are ransacking New York for evidence sufficient to warrant them in arresting the woman they suspect of engineering the plot unearthed yesterday for smuggling $40,000 worth of Paris gowns, millinery and lace into the United States free. The women they want is known on both sides of the Atlantic for her wealth, beauty, popularity and social prominence. Her arrest, it is promised, will give "upper circles" a shock they will not forget in a hurry. Pending the investigation none of the twenty young women on whose persons and in whose luggage the dutiable goods were seized has been taken in custody. Arrests were delayed mainly because the officials think the $40,000 seizure will lead to the exposure of a plot through which smuggling to the extent of at least $500,000 has been brought into the country free.

Will Not be Called Out.

Chicago, Sept. 9.—Commercial Telegraphers' Union officials today branded as false the report that the five hundred operators employed by brokers, newspapers and on leased wires will be called out. The union will not break any contracts it has made, they said. The organization does not deem it necessary to call out these men. The walkout is urged in a petition circulated by operators whose names are unknown to union officials. "We shall ignore that petition," said Assistant Secretary P. J. O'Conner, of the local union today. "The leased wire, newspaper and broker operators will not be called out. All we ask is that no one else break contracts. We intend to live up to ours.

Anti-Japanese Riot.

Vancouver, B. C., Sept. 9.—The trial today of the score of men arrested as a result of the anti-Japanese riot Sunday may result in a renewal of the trouble, as the citizens are stirred to a high pitch. Kishii, Japanese special envoy, who arrived in Vancouver during the fiercest part of the rioting, has demanded an apology from Mayor Bethune to the Japanese government. Bethune may grant the apology, but he declares that he has no intention of allowing the city to pay for the $65,000 damage done to Japanese property. The Japanese fought sturdily during the rioting and faced the rioters practically without aid from the police. The Chinese in the district fled and not one of them was injured.

One hundred horses turned loose in the street from a neighboring stable added to the firemen's troubles. The loss was about $10,000.

LETTER TO SMOOT & CO

Alexandria, Virginia.

Dear Sirs: Todd & Downing, contractors and builders, Morgan City, La, have painted Devoe for 3 or 4 years. They say it takes less gallons Devoe than of any other paint they have used. That means that a job costs less with Devoe; not only for paint, for labor as well.

They paint nothing else, Devoe exclusively. They have said nothing about the comparative wear of Devoe and others; oversight, may be; perhaps too soon for that. But Devoe is the strongest paint; that's why least gallons; best wear, same reason. Least cost and longest time between jobs.

Yours truly,

49 F W DEVOE & Co.

Paris, Sept. 9.—An international commission to assess the damage to be assessed on Morocco for the outbreaks at Casablanca and other Morocco towns will be suggested by France to the powers. This action was decided upon today by the council of ministers. It was formally decided by the ministers to hold Morocco liable for liabilities of every nature arising from the outbreaks.

New York Stock Market.

New York, Sept. 9.—Price movements on the stock exchange during the first hour were all to moderately high figures, with a very small volume of business. Gains ranging from fractions to over 1 point were made in everything traded in, except Interborough-Metropolitan, which dropped 2¼ to 25. The most prompt feature of the market was the scant supply of stocks.

MR. MACHEN'S RECORD AND PLATFORM.

To the Editor of the Alexandria Gazette:

Sir: Mr. Wedderburn in his speech at the Opera House said that I had no record and no platform. If he had taken the pains to examine the journal of the Senate he would have found this record:

1. I secured the passage of a law permitting the testimony of the female witness in cases of assault and attempted assault to be taken down privately in writing instead of being given in open court. This removed one of the great causes of lynchings.

2. When Mr. Caton was at home on account of sickness in his family I introduced and secured the passage of the bill adding five hundred dollars a year to the salary of the judge of the Corporation Court of Alexandria.

3. At the request of Mr. M. B. Harlow and others I fought and killed a bill to take away from the Mount Vernon Avenue Association a claim of $120,000, and interest for more than a hundred years, which the State of Virginia has against the United States, for money loaned, which claim the State turned over to the Association.

4. At the request the City Council of Alexandria, expressed in a resolution introduced by the late ex-Mayor, George L. Simpson, I fought and killed a bill which has passed the house in relation to the office of police justice.

5. At the request of Judge J. K. M. Norton, Lieut. James Smith and others I assisted in securing the passage of a proper fish and game law.

6. I opposed (unsuccessfully) the bill to furnish the Commissioner of Agriculture with a fund to bring European laborers to Virginia.

7. I fought and killed the bill to require manufacturers of liquors to put silly and injurious labels on their bottles to the effect that they contained "no poisonous ingredients." A man who would have been rascal enough to poison liquor would not hesitate to use a false label, while the honest manufacturer would have his wares put under suspicion by such a label.

8. I secured the passage of a bill known as the "money shark bill," to prevent the fleecing of poor people by unscrupulous usurers.

9. I secured the passage of a bill to give persons whose lands have been unproperly assessed a reasonable time to have the assessment corrected.

10. I have fought for shorter hours for persons engaged in certain kinds of labor and for an extension of the principle of the employer's liability bill.

11. I have consistently urged the adoption of measures which, in my judgment, allow the fullest participation of the people in their own government.

As to my platform, I shall urge,

1. The removal of the license tax on physicians.

2. The firemen's relief bill.

3. A legalized primary, with the cost to be paid as the cost of regular elections.

4. An amendment of the constitution so as to permit street improvement as under the 33rd section of the city charter.

5. Having been a resident of Alexandria I think I can attend to the interest of the city in the legislature at least as well as Mr. R. E. Thornton who, I believe, has practically no knowledge of the city or its people.

Respectfully yours,

LEWIS H. MACHEN.

He is at Providence Hospital in a critical condition. The shooting occurred shortly after 10 o'clock last night at the home of Mrs. Herbert's sister, Mrs. Geo. W. Nothey, at 1121 Third street southeast. Both Mrs. Herbert and her sister were slightly wounded by stray bullets. Several other occupants of the room had narrow escapes. The America's Cup.

Belfast, Ireland, Sept 9.—A challenge for the America's cup may be forthcoming within a few weeks. It is stated here on excellent authority that the Earl of Caledon is ambitious to capture the famous cup and is seriously considering a challenge. The earl thinks Sir Thomas Lipton is too slow in making up his mind whether he intends challenging again and may present his own challenge without waiting longer. At present the earl is making a visit to the continent with Commodore Crawford of the Royal Ulster Club. If he challenges it will be through this club. He is expected to announce his intention definitely on his return to London.

Jimmie Britt and Joe Gans will battle in San Francisco this evening for the light-weight championship of the world.

Fire yesterday destroyed Eagle Temple, the home of Philadelphia Aerie. The loss was $100,000, covered by insurance.

TO THE VOTERS OF ALEXANDRIA:

Tomorrow you will be called upon to decide who shall represent you in the Senate. Precedent and rotation give this nomination to Fairfax county. Under the old convention plan it would surely have gone there; under the primary plan it will go where the people, not the politicians and rings, determine. I believe that it will go to Fairfax now, but as Fairfax has two candidates, the question is, Who will represent the interests of Alexandria best, Mr. Thornton or myself?

Which knows more of your needs?

Which has devoted his best energies and efforts for your material and political advancement?

Which has ever held firmly to everything to promote earnestly and faithfully your welfare?

Can there be two answers to these question? Mr. Thornton is unknown to you; he knows nothing of you or your necessities, and all that anyone knows of him is that he is the brother of his brother, and that if elected he will try to secure his brother's election as judge. While from a family standpoint this may be a good thing, from a political and business point of view it strikes me that the voters of this district have something more at stake than the selection of a judge. Important as that may be—and besides the people of this city prefer Mr. Johnson for the position—if I am elected Mr. Johnson will have his opportunity, as I advocate the primary plan for the judgeship and will be governed by the people's vote, while Mr. Thornton's selection means his absolute defeat.

After a careful canvas of the district I am convinced that the contest lies between Mr. Thornton and myself, and all votes cast for Mr. Machen means a half vote for Mr. Thornton.

In regard to Mr. Machen, I paid my respects to him at the Opera House last Friday. There were two points I failed to bring out, owing to the judgeship controversy and a disinclination to take up too much time.

The first is the fact that I have met Mr. Machen wherever he has spoken, except at Forestville in my own county, and I did not meet him there because I had promised to attend the police excursion and I do not regret my decision.

The second relates to the thirty-third section; of which he spoke and made claims, of having supported a return to the old plan. I favor that; return as much as he does and so state in my circular. The facts are that Mr. Machen presented his measure in the Senate and that the City Council appropriated $100 for the expense of typewriting, postage, printing, &c., (nearly all of which was spent—over $96) and at a later date Mr. Caton introduced in the House a similar measure which was passed and sent to the Senate, but both it and Mr. Machen's bill failed of consideration in the Senate, and Alexandria suffers from this failure. If I go to the Senate that amendment will pass the Senate or I will know the reason why.

The vote of Alexandria will decide the contest; that of the counties is hopelessly divided. My opponents will divide it with me; they are backed by powerful influences of the court house rings and corporations; by family ties and acquaintances. For my majority I look to you, my life-long friends, whom I have tried to serve. The contest is at an end. The voters tomorrow decide whom they prefer. If elected I will try to serve your best interest; if not, I shall not sulk. I will join my fellow democrats in supporting and electing the nominee—the people having spoken. I can but say, vox populi, vox Dei.

Respectfully,

ALEX. J. WEDDERBURN

"HISTORIC ALEXANDRIA."

Mr. J. T. Preston, Secretary of the Chamber of Commerce of this city, has received the following communication from Mr. M. V. Richards, Land and Industrial Agent of the Southern Railway, in reference to the distribution of copies of "Historic Alexandria," a beautifully illustrated book descriptive of this city :

Washington, D. C., September 6, 1907.
Mr. J. T. Preston, Secretary Chamber of Commerce, Alexandria, Va.:

Dear Sir: In one of our local papers we have noticed a couple of articles with respect to distribution of Mr. A. J. Wedderburn's books, "Historic Alexandria," 5,000 copies of which your city officials have secured, but have no funds appropriated for their distribution. If you think they would favorably consider turning over to this department free of charge a supply of the booklets, we would be glad to send them to our exhibit at the Jamestown Exposition for complimentary distribution. The books could be forwarded to me here by Southern express and we would then forward them to Jamestown, thereby relieving your city officials of any expense whatever in express or freight charges. As you thoroughly understand and appreciate our interest in such matters and our desire to do all we can to properly advertise and promote the welfare of Alexandria, if you think the above proposition would likely receive favorable consideration I would be pleased to have you take it up and let me know the decision reached. With best wishes, I am,

Very truly yours,
M. V. RICHARDS,
Land and Industrial Agent, Southern Railway Company,

The city authorities will comply with Mr. Richards's suggestion and will turn over a portion of the edition to him, retaining a sufficient number to meet any future demands for the book.

GENTRY BROTHERS' SHOWS.

The Gentry Brothers' famous shows arrived at 7 o'clock yesterday morning, when no time was lost in erecting the mammoth tents at the exhibition grounds at the head of King street. Hundreds of people of all ages viewed the parade along the line of march this morning and were delighted and amazed at the gorgeous and glittering free spectacle. The gilded band wagons with their two military bands, with golden chariots, the magnificent cages filled with comical monkeys and other animals, the beautiful little Shetland ponies, the trained dogs marching and riding along and plainly appreciating the applause which greeted them, the funny clown baby elephant, the comical monkey jockeys mounted on dogs and ponies together with a long array of talented and magnificently costumed performers, all combined to present on of the grandest parades of the kind ever seen here. A performance was given at 2 o'clock this afternoon and another will be given at 8 o'clock tonight. The Gentry Brothers have this year exceeded the lavish productions of former years which made them deservedly famous as public entertainers and instructors.

CHARGE AGAINST MATE.

J. A. Posey, mate of the steamer Washington, of the Norfolk and Washington Line, was served with a summons Saturday night to appear before United States Commissioner Bowden, on the charge of having resisted, obstructed and hindered W. T. Truxtun, of the United States Customs Service, from doing his duty in regard to the carrying of an excess number of passengers on a steamer. Posey was arraigned before the United States Commissioner Saturday night, but on application from counsel, William H. White jr., was allowed to postpone his hearing until Tuesday morning at 10 o'clock. Posey gave bond for $500, W. H. White going on the bond. On application from the defendant the court granted Posey the right to continue his duties on the steamer Washington during the interval before his next appearance in the United States Court.—[Norfolk Landmark, 8th.

ELECTRIC CARS COLLIDE.

The motorman on car No. 116, of the Falls Church Railroad, reversed his lever just as his car plunged into car No. 5, of the Washington, Arlington and Mount Vernon line, Motorman McWelsh yesterday evening. The accident occurred within 500 feet of Arlington Junction. The Falls Church line car carried several passengers, but they escaped with a slight shake-up. The other car was almost demolished. Fortunately no one was injured. The Falls Church car was approaching Arlington Junction at about 5:30 o'clock when the other car came on the line at a rate of about twelve miles an hour. The motorman on the first car saw that the collision was inevitable, and threw on the air brakes, reversed the motor, and awaited the crash. The Falls Church car was the heavier of the two, and virtually demolished the other. Responsibility for the accident has not been fixed.

THE WOODSTOCK FIREMEN.

The Shenandoah Herald says: "The boys were loud in their praise of Newport Newe and the treatment that they received while in that city, but were louder in singing the praise of the firemen of Alexandria, who met the team from this place and the Strasburg boys, on their return, at the boat. Headed by the Reliance Drum Corps, they were marched through the principal streets, which were lined on both sides by thousands of people who greeted them with applause, to the Columbia engine house, where an elaborate banquet was tendered the winners of every cent of race money that was offered at Newport News. The banquet hall was decorated with national colors and flowers and the hospitality of Old Virginia was never so noticeable as on that night in Alexandria, which will ever be remembered by the Woodstock firemen."

CLAIMS DAUGHTER.

Patrick Reddy, of Baltimore, made an unsuccessful attempt Saturday to secure the custody of his ten-year-old daughter, Gertrude, who has been living with her mother, Mrs. Arthur G. Bradley, who was divorced from Mr. Reddy about eighteen months ago. Officer Young found Mrs. Bradley and the child at 113 south Lee street. Upon entering the house Mrs. Bradley, it is alleged, called to her daughter to get a revolver, and declared she would blow the officer's brains out. She later, however, with her daughter accompanied the officer to the station house where a pathetic scene took place. The daughter refused to leave her mother, and subsequently Mrs. Bradley left with the child. Mrs. Bradley stated that she married Reddy about twenty years ago in Cecil county, Md. About eighteen months ago, she said Reddy secured a divorce from her without her knowledge. She claimed that she married Bradley her present husband in Newark, N. J., about a year ago, and for several months past, she says, she and her husband had been residing near Mount Vernon. About one month ago she moved to this city. Reddy, it is said, has taken legal steps toward securing his daughter.

LAST WEEK AT LUNA PARK.

As a fitting tribute to the closing week, Luna Park will not want for a novel form of amusements. What promises to be one of the biggest days of the season will be German Day, which will be held today. The day is to be strictly American in every sense of the word, and will be cosmopolitan in its nature, of representative people as other nationalties have expressed their willingness to attend.

September 12th will be Teddy Bear Day, on which occasion the child entering the park with the largest stuffed Teddy Bear, will be presented with a handsome and costly prize.

The 14th will be known as Alexandria Day, a day that will be replete with speech-making and other events that will make the occasion memorial.

Celfo and his band, a musical organization second to none in the country, will bring the park's session to a close with a series of delightful concerts appropriate for the various days that are scheduled.

COUNTY SUPERVISORS.

The board of supervisors of Alexandria county met in regular session Saturday and received a paper from James E. Clements, county superintendent of schools, in which he asked that a vote be taken on an extra levy of 10 cents on the $100 for school purposes. The board decided that the vote be taken Tuesday, September 24, for Arlington district and for Washington district.

The purpose of the extra levy is to provide schoolhouses for the growing communities along the line of the Old Dominion railroad.

The board heard a request from Mr. Gerry on behalf of subdivisions adjoining Alexandria city, for the right to lay water mains along the country roads. The Alexandria Water Company is willing to supply water to these suburban sections. After considerable discussion the matter was laid over for a special session, to be held on September 21.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Penn, charged with stealing brass from the Southern Railway Company, had his case continued until tomorrow.

Eliza Bryant, colored, charged with interfering with an officer in the discharge of his duty, was dismissed.

Ashley Williams, colored, charged with drunkness and disorderly conduct, forfeited his collateral by failing to appear.

A man, charged with allowing his horse to roam in the streets, was dismissed.

Patrick Owens, charged with improper conduct, was dismissed.

James Brown colored, charged with escaping from the chain gang, had 20 days added to his sentence.

COLONEL MARYE.

Colonel Morton Marye, auditor of public accounts, is today (Saturday) receiving the congratulations of his many friends on his birthday. He is hale, hearty and vigorous, chatting as merrily and gaily as though he were a man who had just attained his majority. But he has been a voter for several years—in fact, before the war. Asked by a friend how old he is, Colonel Marye replied, with a laugh; "I am old enough to know my duties and am young enough to attend to them."—[Richmond News-Leader.

SCHOOL PERMITS.

The clerk of the City School Board began this morning at the Armory Hall issuing permits to pupils to attend the public schools and during the day issued 620 permits, 271 to white boys and 349 to white girls. On the corresponding day last year 687 such permits were issued, 335 to white boys and 352 to white girls. Permits will be issued again tomorrow and on Wednesday to white pupils and on Thursday and Friday to colored pupils.

THREW STONE INTO CAR.

When the last electric car from Washington reached Arlington Junction Saturday night a negro who had been ejected for refusing to pay his fare threw a heavy stone through one of the windows, smashing the glass and scattering the fragments over several passengers. It failed to strike any one. As soon as he hurled the stone, the man disappeared in the darkness.

CHARGED WITH ASSAULT.

Marshall Brown was arrested Saturday by Constable Payne charged with assaulting a man named Baker with a with a pistol in Fairfax county. Brown was brought to the station house in this city and later taken before Justice Triplett, who imposed a fine and bound the accused in the sum of $400 to keep the peace.

UNION ROW AT FUNERAL.

Differences developed between three antagonistic drivers' unions at the funeral of Michael Feeley, in Williamsburg, N. Y., Friday, and before the tangle could be straightened out the police reserves had to be called. While the services at the church were being concluded the driver of the hearse and the men on the boxes of the mourners' carriages engaged in a heated wrangle over union differences. When the mourners left the church they found all the drivers had deserted. The drivers remained obdurate and the police reserves were called to disperse the gathering crowd. After a long delay it was suggested that the drivers of the respective unions take separate routes to the cemetery. This was agreed to, and the hearse proceeded to the cemetery unaccompanied, while the mourners proceeded to the grave by two separate routes.

Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

WANTED MONEY BEFORE CEREMONY.

Love, with purring and cooing, sweet nothings may be all right for some, but Mrs. Mary Sweeney, though only 28, yet two times a widow, delights also in the jingle of coin of the realm. This was proved when she hesitated at plighting her troth with Adam Beschel, aged 64, who was divorced four years ago, until Adam delivered $400 in real money. The pair went to Greensburg, Pa., to get married. When the clerk had the preliminaries all arranged Mary smiled sweetly on Adam, but hinted that "something had been forgotten." The groom-elect thought a moment, then produced the money. Mary glowed on her latest help-meat and the ceremony proceeded.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,

aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,
